

Activities:

Thanks to our English teachers' concerted effort and students' participation, English Week was successfully held from 8th to 12th April. Different fun-filled activities were organised in order to provide students with more opportunities to practise English in a relaxing way.

During the week, there were Film Show, Game Booths, Music Show, Song Dedication, English Afternoon Tea and Guessing Game to let students enjoy English. There were also English Speaking Days which allowed students to chit-chat with their teachers. Towards the end of the week, Prize Redemption Booth and English Tuck Shop were set up so that students could use English to get the reward for their good effort and buy their favourite snacks at bargain prices.

Both students and teachers enjoyed the time in English Week which was full of joy and laughter. We look forward to more English activities and our next English Week!
